ALL7.6/24 JOINT TENANT / COMMUNITY GROUP

Members were informed of an email that had been received from Learning Abilities, requesting permission to support the tenant on WCT193. Due to reduced staffing, we have not been able to acquire 2 quotes for this work. This is to be actioned. Members were also keen to see if there was any funding available to support this work. **Agreed:** To get two quotes for the fencing work and look at funding opportunities (AH)

ALL11.6/24 REPAIRS WEST CHILTON TERRACE

Members were informed a site visit was required to confirm with the contractor exactly the work that is required. Due to staffing and availability this has not been possible. **Agreed:** to progress as soon as possible (SS & AH)

ALL12.6/24 PLAY INSPECTION REPORT

Members were informed that the Inspection Report for May showed the Medium issues from April and the rest were Low risk. Concern had been raised regarding elements that had not been repaired by DCC for some time. A Cllr had cleaned graffiti from one of the parks and had replaced a bolt in a gate – which DCC had not completed. This discussion raised the question of insurance for such work and volunteers.

From the meeting in May 2024, it was noted that clearing of graffiti was not in SE Landscaping's contract to carry out but it was felt that this should be reported when found.

Cllr Sutherland requested permission to carry out edging to the Durham County Council footpath as the grass had grown and was covering quite a lot of the path. It was discussed that it was SE Landscaping's responsibility to cut the grass but we need to check what is required for the edging.

Agreed: to clarify situation with insurance regarding volunteer working (AH).

ALL13.6/24 FLY TIPPING

Members were informed that the Chair of the Committee had been given the same name by different people for the person responsible for some of the fly tipping on the West Chilton Terrace allotments, unfortunately, no-one was prepared to come forward.

Members raised the issue of costs to the Council for getting rid of fly tipping and also for repairs due to anti-social behaviour. It was felt appropriate to post on our Facebook account details of fly tipping incidents, incorporating the costs incurred, if any, by the Council.

ALL14.6/24 DRONE

A Draft Drone Policy was distributed to Members. The contents were based on the detailed information received from the current drone footage provider. Members were asked to look through the Policy and highlight any additions or amendments as soon as possible.

Members raised data collection within the policy and also required information on how long images would be kept for. **Agreed:** to research legislation or best practice regarding data protection on images (AH)

ALL15.6/24 BEES

Following the approval by Full Council on 11th June 2024. A beekeeping policy and application from the National Allotment Society was distributed to members. This was felt to be adequate for the Council's needs and it was agreed that this be adopted. **Agreed:** to produce Beekeeping documentation for approval at the next meeting (AH).

At the meeting the ex-tenant agreed to start paying instalments from 5/5/2024. At the time of the meeting no payments had been received. **Agreed:** Members felt that a decision to reduce the bill could not be considered until payments had started. This should be communicated to the ex-tenant.
